### Time

9:00AM–12:00PM

Come join us in transforming our classrooms into language-rich environments where all languages are celebrated and children are given many opportunities to explore ways to use language to understand and “read” the world. We will share with others how you form partnerships with families, so they too become aware of the LANGUAGE THEY ARE GIFTING THEIR CHILDREN as they talk, sing and share stories. Here is what we WILL DO:

- Learn about LANGUAGE ACQUISITION
- Share strategies to support oral language
- Discuss ways to engage children in meaningful conversations
- DISCOVER developmentally appropriate ways to encourage literacy practices
- REVIEW current ECE tools such as the CA Foundations & Curriculum Frameworks, DRDP and CLASS.
- CLASSROOM TEAMS and an ADMINISTRATOR, FCC leads and assistants, are encouraged to take this training together, so implementation can be a team effort.

## PLEASE NOTE

- All participants must register for the training to attend.
- Commitment to the training is important. Please stay present and actively participate. Minimize distractions and keep your screen on.
- All training sessions may be rescheduled or canceled due to insufficient registration
