DESCRIPTION

This overview webinar will introduce the PITC Curriculum, its components, and how its approach supports the efforts of family childcare and center-based care teachers to facilitate the development and learning of infants and toddlers. It will also highlight how the PITC Curriculum is designed to promote professional learning that helps care teachers deepen their own understanding of early development and learning, share meaning with infants, support their learning, and, above all, enjoy close caring relationships with them.

Registration links to attend the sessions in English

<https://www.surveymonkey.com/r/2025PITCENG>

Registration will close on April 9th at 12 noon

Participants will be notified of their enrollment by April 11th.
